PROFESSIONAL SUMMARY

Motivated Computer Science & Engineering graduate with a strong academic foundation and a genuine interest in learning, coordination, technology, and organizational operations. Developed practical exposure through structured academic projects, research activities, documentation, presentations, data collection, and collaborative work using digital tools. Strong communication, teamwork, time management, and learning agility, with the ability to adapt to new responsibilities and contribute positively in a professional environment. Eager to begin a career through a Management Trainee role and grow into a dependable professional who can take ownership, learn quickly, and create value for the organization.

SKILLS

- **UI/UX Design:** User Research, Wireframing, Prototyping, User Flows, Information Architecture, Interaction Design, Responsive Design, Visual Design, Usability Testing
- **Design Tools:** Figma, FigJam, Git
- **AI Tools:** ChatGPT, Google Gemini, Claude, GitHub Copilot
- **Office & Productivity:** Microsoft Word, Microsoft PowerPoint, Microsoft Excel, Google Sheets, Google Docs, Canva
- **Soft Skills:** Problem Solving, Communication, Team Collaboration, Time Management, Attention to Detail, Creativity

ACADEMIC RESEARCH & ACTIVITIES

- **Research Topic — Emotion-Aware AI Learning Assistant:** Research focus on evaluating an emotion-aware adaptive AI learning assistant using text-based emotion recognition for personalized student learning. Explores Human-AI Interaction, student engagement, adaptive responses, and personalized learning experience.
- **Research Topic — Data Warehousing and BI Integration for Sales Forecasting and Improved Business Planning:** Worked on integrating data warehousing and Business Intelligence for sales forecasting, focusing on transforming sales data into insights that can support forecasting and improve business planning.
- **Academic Research & Documentation:** Prepared academic reports, research documentation, presentations, and project materials using Microsoft Word and PowerPoint.
- **Data Collection & Record Management:** Used Google Sheets for club registration and for collecting and organizing information/data at different times and activities.
- **User Research — Daraz App Redesign:** Conducted user research to identify user needs, pain points, and opportunities for improving the shopping experience.

PROJECTS

- **Coffee Shop App Design | Figma, FigJam** — Designed a complete coffee shop app experience with a consistent visual system, user flows, wireframes, high-fidelity screens, and interactive prototypes.
- **BDJobs Mobile App** — UX Case Study | Figma, FigJam — Researched the existing job-application experience, identified friction points, and redesigned registration and application flows with mobile-first wireframes and high-fidelity prototypes.

EDUCATION

City University, Dhaka — B.Sc. in Computer Science & Engineering | 2022–2026 | CGPA: 3.46

Kumudini Govt. College, Tangail — Higher Secondary Certificate (HSC) | 2018–2020 | GPA: 5.00

Police Lines Ideal High School — Secondary School Certificate (SSC) | 2018 | GPA: 5.00
